Laminates

ONE MIKASA

We began as NewMika, bringing beauty and quality to every surface we touched. Today, the name evolves, but the soul stays the same. Because the trust, the craft, and the promise you believed in, remain unchanged.

For years, Mikasa has shaped your world with **floors** that carried your laughter, **doors** that opened to new journeys, **veneers** that wrapped your walls in elegance, and **plywood** that gave strength to the heart of your home.

Now, it all comes together under one name, Mikasa. NewMika, from the legacy of Greenlam Industries Ltd. becomes Mikasa. It's not just a change in identity but a unified world of complete solutions for every space you call your own.

Because your trust deserves one commitment, one promise, one **Mikasa**.

ABOUT US

Greenlam Industries Limited ranks among the top three laminate manufacturers globally and is a leading integrated substrate and surface solutions provider. The company offers a wide range of products to customers in over 120 countries, consistently delivering innovation and quality. Its diverse product portfolio includes decorative laminates and compacts, interior and exterior cladding, restroom cubicles and locker solutions, decorative veneers, engineered wood floors & doors, plywood, pre-laminated chip board & MDF. With five state-of-the-art manufacturing facilities located across India—in Behror (Rajasthan), Nalagarh (Himachal Pradesh), Prantij (Gujarat), Tindivanam (Tamil Nadu), and Naidupeta (Andhra Pradesh), Greenlam is committed to both quality and environmental responsibility. The company ethically sources its raw materials and holds numerous sustainability certifications ensuring its products are both safe and eco-friendly.

These laminates excel in their position as a modern alternative, developing into surfacing options that display intricate textures, unmatched designs, and above all, a unique you.

UNIQUE FEATURES

ANTIBACTERIAL

Mikasa Laminates comes with Antibacterial property to create a healthy and safe zone for your loved ones that resist the growth of up to 99.99%* common bacteria.

BOILING WATER

Now you don't have to worry if hot boiling water falls on your kitchen counter or dining table as Mikasa Laminates can easily withstand boiling water.

STAIN RESISTANT

Don't let the world see any stain on surfaces. Simply swipe off the most stubborn of stains like wine, sauces, coffee, and turmeric.

*As per test report bacteria gets 99.99% retarded after 24 hours of contact.

CRACK RESISTANT

Cracks can appear for reasons such as atmosphere temperature, humidity, and seasonal changes. Mikasa Laminates are resistant to all such changes.

RESISTANT TO SURFACE WEAR

Mikasa Laminates', good looking surfaces last long since they have a protection layer. It resists gradual erosion caused by mechanical, physical and even chemical reactions.

DIMENSIONAL STABILITY

Be it any climatic region, Gulf or Denmark, Kanyakumari or Kashmir, our high-quality laminates handle expansion and contraction quite easily while staying in mint condition.

NON TOXIC EMISSIONS

Breathe cleaner air and assure your loved ones a safe indoor air quality.

DRY HEAT RESISTANT

Engineered to resist dry heat, Mikasa Laminates remain stable and unaltered, even at temperatures up to 180°C.

SCRATCH RESISTANT

We understand how a scratch on your surface is a scratch on your heart. So, for your heart's sake, switch to surfaces that are completely resistant to scratches caused by sharp objects.

MESA

Mesa brings the texture of ancient landscapes into modern interiors with earthy sophistication inspired by the raw landscapes of Mesa's ancient rock formation. Defined by subtle veins, muted tones and organically eroded textures, it's layered beauty shaped over centuries by wind and time. Ideal for spaces seeking a harmonious blend of nature and design, this finish is rugged in essence yet remarkably refined in execution.

WOODGRAINS

WOODGRAINS

Woodgrain offers a captivating sensory experience, replicating intricate wood designs and textures. This richness enhances the visual appeal of surfaces while serving as a genuine alternative to real wood. This makes it a popular choice in interior design and furniture.
